WHEAT MARKET WAS BEARISH Receipts same time last year....

CORN PROVED WEAK ON THE NEW CROP FUTURES.

Provisions Closed With Insignificant Changes-Oats Neglected-Packers Were Moderate Sellers -Estimated Receipts.

CHICAGO, Aug. 7.-Wheat was excessive-

The most prominent feature of wheat trading throughout the entire session was its exceeding duliness. Interest in trading, never very great during the hot summer months, dwinded to insignificant proportions to-day, and the sum total of the scasion's transactions was hardly as great as high frequently been seen during a lively built from the proportion's transactions was hardly as great as the foreign of the transaction was hardly as great as the foreign of the transaction of the seen during a lively built as hade over that in the more distant futures. September opened had a little leanguid selling at first, enough to put the price at Sec. The favorable weather was in a measure offset by reports of disappointing yields from various points and by had crop reports from European countries. A moderate covering movement cusued, carrying September to 65½c. Up to the noon hour the price kept close to that figure, but after that time the neglected market developed more weakness, September going back to Sec again. This was put price, and several little railles occurred on buying against these privileges, but the support was unsubstantial and the market invariably worked back to the even figure. The cash demand was again small, and New York reported only ten boatloads taken for export. Primary receipts continued large, the total being 755,000 bushels. Minneapolis and Duluth received 274 cars, against 555 last week, and 138 a year ago. Chicago receipts were 165 cars, thirty-eight of which were contract grade. Bulls derived some encouragement from the fact that the arrivals of new wheat were still comparatively small. The visible supply showed an increase of 910,000 bushels, compared with a decrease last year of \$20,000 bushels. General and flour equaled \$62,000 bushels. September was bringing 50c at the close. Corn was irregular, with some degree of activity. The market opened weak on the excellent crop conditions and large crop estimates. The cash situation was strong, there being little for sale except at a higher premiu

a store-Wheat, 1.455,300 bushels; corn, 27,300 hels; cars, 10,700 bushels, and 77e, 1,200 bushels. Wheat.

week of 1,147,600 bushels, which, with freer re-ceipts at all the Western centers, caused a heatancy on the part of buyers and in the absence of Euro-pean news encouraged a bearish feeling. A large per cent of the wheat now coming in is also of peor quality, which has been working against the trade. In a few words, the market was a waiting one, with its tendency in favor of buyers. The cash as well as speculative market was slow and saide from the best samples were about \(\frac{1}{2}\) clover. September de-liveries here also sold down \(\frac{1}{2}\) c and in Chicago closed off \(\frac{1}{2}\). The sample sules were: No. 2 hard, \(\frac{2}{2}\) de over test: No. 3 hard, \(\frac{1}{2}\) de over, and No. 4 hard, the same. By sample on track here at Kansas City:

| Which are now at their normal level. Allowing that Southeastern Europe will contribute so \$900,000 to 95, 000,000 bushels in comparison with \$95,000,000 bushels this season, and that India, Argentine, Australasia and all other minor contributors will contribute as ilherally as they have been doing this season, there yet remains the vast quantity of \$22,000,000 bushels to be procured from America and Canada during the ensuing twelve months. Is it possible, ask the built of America, with a deficient winter crop, to furnish anything like \$23,000,000 bushels or even \$25,000,000 bushels anything like \$24,000,000 bushels or even \$25,000,000 bushels anything like \$24,000,000 bushels or even \$25,000,000 bushels anything like \$24,000,000 bushels or even \$25,000,000 bushels or even \$25,000,000

Shipments 750 13

Shipments 750 13

Drive-outs 501 112

A good and rather firm market was had yesterday for most offerings. The receipts were much the same as last Monday, but quality not so good. There was not a single load of really choice cornfed steers in. but a number of droves that might be called fair to good, and they sold at \$5.50\(\frac{1}{2}\)6.55. Chicago was firm with good receipts and St. Louis a little higher, which encouraged buyers. Not many cows in and market active and firm. Stockers and feeders, under the influence of good rains and feeling that a big corn crop is now made, showed fair life for Monday, and values ruled steady and firm. Range cattle did very well in the native division and they made up most of the offerings, and this, too, in spite of the fact that the quality of most of the arrivals was inferior. In the Texas division the run was not so heavy as last Monday, yet the market was draggy and the poorer things were weak to a little lower. Mitch cows quiet but steady. Common, 119420: medium to fair, \$12630, and good to choice, \$136650.

HORSES AND MULES—Movements past 48 hours:
Receipts 497

Shipments 267

This market yesterday was both good and bat, Mules showed more life than for some time and ruled firm. A number of new buyers were in from the South and wanted supplies. Horses, however, were slow as the buyer for cavaliry horses was out of the market, and the buyer of cabbies was also idle, and as the receipts were heavy the market was both dull and lower and the bulk of the offerings were unsold at the finish. Quotations:
HORSES—Draft horses, good, 1,250 to

OF INTEREST TO STOCKMEN. The Southern Cattle Trade-Kansas City and St. Louis.

The Southern cattle trade continues faithful to Kansas City. St. Louis works hard to turn it that way, but her efforts seem to avail little. The receipts of Southern cattle here last week were 412 cars, against 332 cars in St. Louis, forty-three cars less than the same week last year.

Packers' purchases last week were: Cat tle, 19,839; hogs, 20,339, and sheep, 7,736, against same week last year, cattle, 17,174; hogs, 52,714, and sheep, 10,317.

A very good business was done in heavy cattle on Eastern account last week, the shipments to the seaboard reaching 1,581.

While there were no choice cattle here yesterday, there were several big lots of good steers in and they sold very well. W. P. Wilmoth. Vilas, Kas., was in with 150 native and Western steers of his own feeding, averaging 1.263 pounds, that were sold by the Missouri, Kansas and Texas Live Stock Commission Company at \$5.55. Armour bought them for the dressed beef trade. .

C. C. McGinnis, of Rich Hill, Mo., was at the yards yesterday. He says while they need rain grass and corn are yet uninjured and fine. Cattle and hogs in farmers' hands short.

Schwarzschild & Sulzberger

"Franklin county has fine grass, and the best corn prospects in ten years," said J. W. Henderson, of Pomona, Kas., who was a visitor at the yards yesterday. "While we are going to have the greatest abundance of feed, cattle and hogs in farmers' hands are short." Visitors at the Yards With Stock.

Owens Bros., Lee's Summit, Mo., had in ogs vesterday. Bodecker & Ball, Bowle, Tex., had in cat-C. Hunter, Inavale, Neb., was in yester-day with hogs. William Shanks, Holt, Mo., was in yes-

terday with cattle and hogs. F. Nation, Emporia, Kas., was at the yards yesterday with cattle.

Thomas Wear, Lowery City, Mo., was at the yards yesterday with hogs.

J. W. Monohon, Rosedale, Kas., was on the yards yesterday with cattle. Phil Claypool, Circleville, Kas., was on the yards yesterday with cattle and hogs. PENSIONS.
